

Laser Safety Glasses

LG11

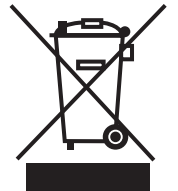

Description

These laser safety glasses provide CE certified and ANSI Z136 compliant laser radiation protection; these ratings are indelibly printed on the frame to indicate the level of protection provided for specific wavelength ranges. The LG11 Laser Safety Glasses are equipped with solid laser safety side shields that protect the user's eyes from peripheral laser radiation. These laser glasses cannot be worn over prescription glasses. Each pair of laser safety glasses comes with a protective storage case, a slip on neck strap, and a cleaning cloth.
